**TABLE 1 (cont.)**

Trends in Prevalence of Use of **CIGARETTES** in Grades 8, 10, and 12

(Entries are percentages.)

**Source.** The Monitoring the Future study, the University of Michigan.

**Notes.** Level of significance of difference between the two most recent classes: s = .05, ss = .01, sss = .001. ‘ — ’ indicates data not available. Any apparent inconsistency between the change estimate and the prevalence estimates for the two most recent years is due to rounding.
